4. Entrance Assessment

Vail Christian High School utilizes the PreACT 8/9 as an indicator for 9th grade readiness. This tool sets students up for success and gauges academic fit during the critical transition into high school.

Dates are: January 20, February 10 and March 9, 2024.

**Students who take certain standardized placement exams may be exempt.*

5. Family Interview

This is the final step of the admissions process. The family interview is one way we are able to learn more about the applicant, but it also provides your family with another opportunity to get to know us better. Interviews are conducted by our Head of School, our Assistant Heads of School, and our Director of Admissions.
